

A long-exposure photograph of a fountain pen, likely a Waterman, positioned diagonally across the frame. The pen is in sharp focus, showing its silver-colored barrel and gold-colored accents. The background is a blurred city night scene with colorful light trails from traffic and buildings, creating a sense of motion and urban energy. The pen's nib is visible at the bottom right, and the brand name 'WATERMAN' is engraved on the barrel.

The SÉRÉNITÉ pen...

it is the purity and calm of an arc of shadow...
its only aim is a graceful gesture and beautiful
handwriting. Its 18 carat gold nib, overlaid with
rhodium, and the matt solid silver trim contrasts
with its black body. Curved like a bow or a quill,
the purity of its line is at one with a gesture and
with handwriting.

In CHARLESTON, the past and the future are effortlessly combined.

Its fine grooving, bold gold electroplated or chromed ring and geometric lines are of Art Deco inspiration.

Its tapering form extending to a solid 18 carat gold nib, streamlined clip and technical performance all attest to its definite modernity.

CHARLESTON takes you through space and time towards the writing of tomorrow.

C H A R L E S T O N

A black silhouette of a person in a dynamic, athletic pose, possibly a martial artist or dancer, set against a blue gradient background. The person is standing on a white horizontal line at the bottom. Their right leg is raised and bent, with the foot pointing towards the left. Their left leg is extended straight down. Their arms are outstretched to the sides, with the right hand in a 'V' or 'OK' gesture. The overall composition is minimalist and emphasizes form and movement.

Expert

Two distinct personalities that offer the originality, style and precision of an expert.

The first is refined, with a finely lacquered body in delicate patterned shades or in plain black. Its golden or chromed double rings and tapered nib gracefully accentuate the fluidity of its lines.

The second asserts its contemporary temperament with modern, matt black or chromed satin finishes.

The nib is available in sizes EF, F, M, B. *Also available with a fibre refill.
