COLLECTION D'ART

Inspired by the world's beauty,
and in homage to its four fundamental elements,
WATERMAN would like to present
the Sérénité Collection d'Art, a four-piece set both
precious and rare that reinvents luxury
in the service of art.

WATERMAN

PARIS

WATERMAN AND ITS PASSION FOR CREATION

Since its inception, WATERMAN has offered an innovative vision of luxury and creativity. The unveiling of the Sérénité Collection d'Art is the most dazzling expression of this to date. The art of writing, material, form - the peak of the free expression of creativity.

THE ART OF BALANCE

Sérénité makes a forceful impact, striking in its originality. Its curve is powerful yet smooth, taut yet full-bodied, generating an invisible art of equilibrium. Reflecting the world's harmony, the ultimate sources of balance and richness, the four elements are the very essence of creative strength.

LUXURY OF TIME AND UNIQUENESS

Shimmering clear water, the invisible breath of air, Earth's fruitful vigour, the blazing energy of fire...

The organic poetry of natural materials (mother-of-pearl, leather, eggshell, lacquer) and the luxury of precious metals (solid silver, pure gold and gold dust) were fused to express the very essence of these four elements.

All the necessary expertise was assembled: WATERMAN's precious metals workshop, the most up-to-date and sensitive young designers and the traditional art of Yokohama's master craftsmen. All these different talents, orchestrated by WATERMAN to create a new aesthetic experience, are the essence of the Sérénité Collection d'Art and are to be seen in the unique nature of each piece. To create each piece of the Sérénité Collection d'Art, WATERMAN has made time stand still. Of quintessential importance are the craftsman's skill, magic touch, keen eye for detail and total concentration, together with unlimited patience and stunning creative genius.

The luxury of Sérénité is to be found in both art and time.
