COLLECTION D'ART

Inspired by the world's beauty, and in homage to its four fundamental elements, WATERMAN would like to present the Sérénité Collection d'Art, a four-piece set both precious and rare that reinvents luxury in the service of art.

WATERMAN AND ITS PASSION FOR CREATION

Since its inception, WATERMAN has offered an innovative vision of luxury and creativity. The unveiling of the Sérénité Collection d'Art is the most dazzling expression of this to date. The art of writing, material, form - the peak of the free expression of creativity.

THE ART OF BALANCE

Sérénité makes a forceful impact, striking in its originality. Its curve is powerful yet smooth, taut yet full-bodied, generating an invisible art of equilibrium. Reflecting the world's harmony, the ultimate sources of balance and richness, the four elements are the very essence of creative strength.

LUXURY OF TIME AND UNIQUENESS

Shimmering clear water, the invisible breath of air, Earth's fruitful vigour, the blazing energy of fire... The organic poetry of natural materials (mother-of-pearl, leather, eggshell, lacquer) and the luxury of precious metals (solid silver, pure gold and gold dust) were fused to express the very essence of these four elements. All the necessary expertise was assembled: WATERMAN's precious metals workshop, the most up-to-date and sensitive young designers and the traditional art of Yokohama's master craftsmen. All these different talents, orchestrated by WATERMAN to create a new aesthetic experience, are the essence of the Sérénité Collection d'Art and are to be seen in the unique nature of each piece. To create each piece of the Sérénité Collection d'Art, WATERMAN has made time stand still. Of quintessential importance are the craftsman's skill, magic touch, keen eye for detail and total concentration, together with unlimited patience and stunning creative genius.

The luxury of Sérénité is to be found in both art and time.

The ultimate jewel of contemporary design, Sérénité breaks free of linear forms and stands upright in exquisite balance. Graphic, intense, it carves a magnificent curve sheathed in the purity of fine brushed titanium. Its delicate, sculptured ring of solid silver generates a fascinatingly contrasted pattern of sheen and depth. The rhodium-plated 18-carat solid gold nib emerges flawlessly from the swell of Sérénité's barrel. If writing is an art, Sérénité gives it the purity of a ritual act.

EXCEPTION

— THE MARKS OF TIME —

Innovating, changing the rules, surprising. From the graphic purity and strength of the square, emerges EXCEPTION, the first quadrangular fountain pen. An alliance of virtuosity and uncluttered refinement, EXCEPTION restates its exclusivity through the limited edition "The Marks of Time": two remarkable objects carved in sterling silver and vermeil, two luminous gems of magnetic brilliance. The sinuous lines etched into the metal play on EXCEPTION's angularity and on the purity of the precious metals, evoking the power of water and the fragility of matter. EXCEPTION "The Marks of Time" is tipped with a solid gold 18-carat nib: the ink flows, leaving its eternal mark.

Handwriting Styles

Handwriting that resembles its writer, that conveys the nuances, that reveals the personality... Like no other, each nib offers light or heavy handwriting, a passionate or forceful representation of a person's style or character. The nibs Extrafine (EF), Fine (F), Medium (M) and Broad (B) ensure a constant line, the special nibs Stub (Stub), Oblique Fine (OF) and Oblique Broad (OB), provide the up strokes and down strokes of a highly individual style of writing.

Extrafine (EF):

For light handwriting, a quick and precise line that "skims" over the paper.

Fine (F):

Particularly adaptable to small, precise and light handwriting.

Medium (M):

Slightly more ink-flow for a sliding and medium sized style of handwriting.

Broad (B):

Suitable for a more assertive, generous hand and for signatures.

Stub (Stub):

Another version of the broad nib, with a flat tip for a fine horizontal line (using the length of the nib) and a thick vertical line (using its breadth).

Oblique Fine (OF):

The tip of the nib is flat and bevelled to the left giving a style of handwriting with fine up and down strokes.

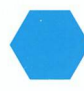

Oblique Broad (OB):

A flat bevelled tip giving a style of handwriting with broad up and down strokes.
